

College Low-Cut Regal Styles For Young Men

In our latest shipment of new Regal styles for Spring and Summer are several ultra-fashionable low-cut models especially designed for young men. These swagger shoes reproduce the extreme fashions for this season, and are now being worn extensively by college men at all the leading universities.

REGAL SHOES

always give you the latest advance styles—and we always get these styles as soon as they are produced by the Regal factories. Another distinct advantage of our Regal low-cuts—they are made on special Oxford lasts, not on regular high-shoe lasts as are ordinary Oxfords. This insures smooth, snug fit at the heel and around the ankle. Regal Oxfords never chafe, or gape at the sides. Moreover, Regal quarter-sizes insure an exact, comfortable fit which you don't get in other shoes.

DESIRABLE SITE FOR GIRLS' SCHOOL

**Finance Committee Reports
Nearly a Third of Capital Secured.**

The choice of site for the new El Paso School for Girls has narrowed down to two propositions. At a meeting of those interested held at the chamber of commerce Friday at 4 o'clock, the committee on location was continued and it is expected that final decision will be reached this week. The acceptance of either proposition will give the school very desirable quarters in which to open the first session of the school.

Horace B. Stevens presided at Friday's meeting. The finance committee through R. F. Burges reported nearly \$5000 already subscribed and only a few individuals have been seen so far. Louis Behr for the committee on site made a comprehensive report. It was the general opinion that the school should be located close in rather than in any distant outlying division of the city.

Following the regular meeting a special committee meeting was held at which many details of the school establishment were decided upon. The year book is in the hands of the printers and will be issued within a few days. The school is assured of substantial patronage from the start. It is estimated that \$15,000 will be necessary as cash capital to establish the school on a proper basis.

The business men and public spirited women who are behind the movement desire that the organization stock shall be participated in by as many individuals as possible so as to give the institution a broad basis of popular support and popular interest. The El Paso School for Girls is and will be decidedly a community affair, and it should be given the support due a profitable public enterprise.

FORMER EL PASOAN SUES FOR DIVORCE IN LOS ANGELES

The Los Angeles Times of March 30 says that Charles L. Elder, formerly of El Paso, has filed suit against his wife, Mary A. Elder, for a divorce and states that he alleges that a child was born to her in 1909 after they had been separated for 14 months. The mother was arrested some time ago, the same paper says, on a charge of deserting the baby, but later agreed to take care of it. The paper says that Mrs. Elder is the daughter of Mrs. J. M. Taylor, wife of a mining man in El Paso, by her first husband, Bell. Mrs. Elder's maiden name was Mary Bell and she was married to Elder in Tucson.

Despair and Despondency

No one but a woman can tell the story of the suffering, the despair, and the despondency endured by women who carry a daily burden of ill-health and pain because of disorders and derangements of the delicate and important organs that are distinctly feminine. The tortures so bravely endured completely upset the nerves if long continued.

Dr. Pierce's Favorite Prescription is a positive cure for weakness and disease of the feminine organism.

**IT MAKES WEAK WOMEN STRONG,
SICK WOMEN WELL.**

It allays inflammation, heals ulceration and soothes pain. It tones and builds up the nerves. It fits for wifehood and motherhood. Honest medicine dealers sell it, and have nothing to urge upon you as "just as good."

It is non-secret, non-alcoholic and has a record of forty years of cures. Ask Your Neighbors. They probably know of some of its many cures.

If you want a book that tells all about women's diseases, and how to cure them at home, send 21 one-cent stamps to Dr. Pierce to pay cost of mailing only, and he will send you a free copy of his great thousand-page illustrated Common Sense Medical Adviser—revised, up-to-date edition, in paper covers. In handsome cloth-binding, 31 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.
